**Inability to obtain a Visa: The University may, at its own discretion, provide a full refund where the Australian Government authorities have refused to grant a visa, or where the issuing of a visa has been delayed and the outcome will not be known in time to commence a course; and the reason for the refusal or delay was not the result of the student’s own action or inaction. Refunds will be issued in accordance with Section 47 of the ESOS Act 2000. In each instance, the student must present independent documentation or evidence of the refusal or delay to issue a visa.
Where a student has been granted a deferral of their course due to a delay of their visa grant, any payments made will be transferred to the subsequent study period without penalty. Where the student does not commence in the subsequent study period, a refund will be processed in accordance with the timeframes and circumstances relevant to the original deferral.

The information provided on this form will be retained by the University and handled in accordance with the University’s policy on the management and disclosure of personal details and information.
