Exceptions to the certification guidelines (For Curtin University staff)
The certification standards outlined above can be waived in the following situations:

- If the original document or original certified copy is located at the University a copy of the document will be accepted on the condition the location of the original or certified document is noted on the copy with the full name and signature of the Curtin Staff member underneath.
- If the original document or certified copy is faxed or scanned by an approved international agent or partner institution, Curtin University will accept the documents. The decision to accept these documents was made by Curtin International for the purpose of offering a student a place at Curtin University.
- Electronic records from verified student record systems, for example Tertiary Institutions Service Centre Automated Results Transfer System, Curtin College or Open Universities Australia, can be accepted as supporting evidence of a student’s previous study. However if the records are being submitted with applications to Curtin University they must be certified by the originating Curtin Officer to verify that they have not been altered since being printed from the applicable record system. Authorised Curtin University staff members can verify records from Curtin’s Student One System therefore, certified copies are not required.
