“Curtin University acknowledges the Nyungar people as the traditional owners of the land on which our main campus is sited. In times gone, Nyungars would get permission to cross another person’s territory. These days, Nyungar elders from particular places perform a ‘welcome to country’, to welcome visitors to this land. We hope to welcome you to our shores soon, to join the Curtin community as we strive to make tomorrow better.”

Associate Professor Simon Forrest
A GREATER CURTIN

Join us as we plan for a greater Curtin. The Curtin 2030 Master Plan will transform our main campus into a culture hub, connecting the University and the broader community in innovative, collaborative and enriching new ways.

The transformation will make Curtin a vibrant destination to work, study and play. The latest technology will support new facilities and creative methods of expression, blurring the lines between scheduled classes, spontaneous social interactions and on-campus activities.

The change will go beyond the campus. We want to create a better quality of life for Western Australian residents and visitors through urban renewal, clever and sustainable design, high-quality public spaces and social outcomes.

And it’s already happening. Exciting initiatives like the addition of pop-up food trucks and the Curtin outdoor cinema are transforming campus life. More exciting changes are coming soon some of which you could be a part of!

Join our journey to lead the way in innovation.

AN INTERNATIONAL UNIVERSITY

Join a university that’s ranked among the best in the world.

Ranked in the top two per cent worldwide by the 2015 Academic Ranking of World Universities, Curtin University offers its students a fresh, global perspective. We’ll equip you with the skills and knowledge you’ll need to solve the big challenges of tomorrow. Along the way, you will benefit from our award-winning teaching staff, industry-reviewed courses, modern facilities and extensive support services.

As Western Australia’s largest and most multicultural university, Curtin is home to nearly 16,000 international students. Based on Curtin’s high proportion of international students, staff and published research, the University was placed 23rd most international university in the world by Times Higher Education in 2016.

In addition to our flagship campus in Perth, Western Australia, we have campuses in Singapore and East Malaysia, and agreements to deliver courses at education institutions in Hong Kong, China, Malaysia, Mauritius, Sri Lanka, Vietnam and Indonesia. Regardless of the location you choose, you’ll be well placed to launch or further your professional career.

Industry-relevant courses with international recognition

Our courses are regularly reviewed by industry, business and government ensuring what you learn has been catered for today’s changing global market. With many of our degrees backed by national and international accreditation, you’ll graduate with the skills and knowledge that employers look for.

Learning reinvented

At Curtin, you’ll go beyond the classroom and see your ideas come to life in our modern facilities. Experience the excitement of stock trading in the Curtin Business School Trading Room, envision the clean energy sources of tomorrow in the A$116 million Resources and Chemistry Precinct, join the research efforts against the spread of chronic diseases in the CHIRI Biosciences Research Precinct or compose the next piece of modern art in the fully equipped digital creativity labs.

CURTIN WAS RANKED AMONG THE WORLD’S MOST INTERNATIONAL UNIVERSITIES IN 2016.

Times Higher Education 2015/16

Student-focused flexible study options

Tailor your studies to your needs and transfer between campuses, or study online. Our flexible study options could give you an opportunity to experience the stunning coastline of Western Australia, the jungle of East Malaysia or life in cosmopolitan Singapore. With multiple academic and English entry pathways, and opportunities for eligible students to change campuses while studying, there’s more than one way to start your Curtin journey.

CURTIN WAS RANKED AMONG THE WORLD’S MOST INTERNATIONAL UNIVERSITIES IN 2016.

RESEARCH AT CURTIN

CHANGING MINDS, LIVES AND THE WORLD.

Strong, strategic partnerships and the recruitment of exemplary research leaders have been important in the establishment and growth of Curtin’s research programs.

Our students and staff are involved in more than 50 major research institutes, as well as 11 industry-focused, cooperative research centres.

MINERALS AND ENERGY

Curtin’s research in minerals and energy is aimed at maximising existing resources and developing innovative, technological solutions to address our future needs. Research groups from across the University undertake both fundamental and applied research in resource exploration, extraction and processing; the development of new materials, energy sources and fuel technologies; mineral and energy economics and policy; and the impact of mining on remote communities.

ICT AND EMERGING TECHNOLOGIES

Information communication technology (ICT) and emerging technologies is a broad area of study concerned with the use of technology to communicate and use information. Researchers from Curtin are involved in the International Square Kilometre Array (SKA), the world’s largest radio astronomy project. Radio astronomers, electrical engineers and computational scientists are all contributing their expertise to this exciting endeavour. Curtin also continues research initiatives across areas such as spatial science, wireless telecommunications, digital humanities, e-business, e-health and digital ontologies.

HEALTH

Curtin is the largest and most comprehensive provider of health sciences research in Western Australia. Health science students have excellent opportunities to join programs within the Curtin Health Innovation Research Institute (CHIRI), which takes an innovative approach to addressing the burden of chronic conditions and lifestyle diseases that impact on the social and economic sustainability of communities worldwide. Research conducted at CHIRI focuses on five primary themes: ageing, chronic disease, Indigenous health, mental health and population health.

SUSTAINABLE DEVELOPMENT

One of the core concerns of governments and communities worldwide is sustainable development. Curtin offers research opportunities in sustainable development in two broad areas: built environment and natural environment. The first includes social/cultural sustainability, urban design construction management, and sustainable cities, while the second is concerned with climate change, biodiversity, sustainable tourism, food security, and sustainable resource processing.

Curtin is a leader in the preconstruction of the world’s most powerful radio telescope, which will change our understanding of the cosmos.

We’re helping prepare the world for the arrival of the $2.5 billion Square Kilometre Array (SKA) radio telescope, which will be the largest and most powerful ground-based array ever built.

Curtin collaborates in a joint venture known as the International Centre for Radio Astronomy Research, and plays a key role in the SKA project, due to begin construction in 2017. The array will stretch across Western Australia and South Africa, with early science expected in 2020.

As well as the SKA engineering activities, Curtin leads a prestigious group of partners, including MIT and Harvard, on an SKA-low precursor project known as the Murchison Widefield Array (MWA), a low-frequency radio telescope that will play a vital role in developing the SKA’s low-frequency science program.
SINGAPORE
Singapore is one of the most cosmopolitan cities in the world and a major economic hub of Asia. The Curtin Singapore campus is located just outside the city centre.
Curtin Singapore offers pathway, undergraduate and postgraduate programs delivered in a trimester academic calendar, allowing you to complete your studies faster. You can also internationalise your study experience by transferring between Singapore and Perth.
curtin.edu.sg

MALAYSIA
With close to 4,000 students from more than 45 countries, Curtin Sarawak in the East Malaysian state of Sarawak offers a truly international and cross-cultural environment.
There is a range of safe and furnished accommodation options located both on and near the campus.
All courses at Curtin Sarawak are taught using the same structure and content as courses offered at Curtin’s main campus in Perth.
curtin.edu.my

PERTH CITY
Located in a refurbished 1894 building in the heart of Perth’s central business district, the Curtin Graduate School of Business provides easy access for postgraduate business students and allows for close engagement with the business sector.
Open in 2016, Curtin’s new law school for second, third and fourth year students is housed in a nearby building in the city centre, in close proximity to Perth’s main law courts.
business.curtin.edu.au

MARGARET RIVER
Situated 280 kilometres southwest of Perth, the Margaret River Education Centre is home to the Curtin-led Centre for Wine Excellence.
The centre includes a teaching winery, sensory evaluation and research laboratories, a resource centre, computer laboratories, and classrooms. This location gives you access to leading vineyards and wineries to complement viticultural studies.
environmentagriculture.curtin.edu.au

KALGOORLIE
Curtin WA School of Mines is located at Curtin’s main campus and in the dynamic mining town of Kalgoorlie.
The school offers a wide range of internationally recognised courses in mining engineering, metallurgical engineering, geographic information science, surveying, extractive metallurgy, applied geology and exploration geophysics.
Recently renovated student housing is located close to Kalgoorlie Campus.

TRANSFER AND STUDY ABROAD OPPORTUNITIES

Studying at Curtin doesn’t mean you have to attend our main campus in Perth. Depending on the course you study, you could attend our campuses in Singapore or Malaysia, to complete part of your course with no interruption to your studies.

All aspects of the curriculum and the calibre of academic staff remain constant between Singapore, Malaysia and Perth. There are also opportunities to study at one of our partner institutions across Europe, Asia and North and South America!

Travelling and experiencing different cultures while you study can add a valuable dimension to your studies and help expand your horizons.

STUDYING AT CURTIN AS A STUDY ABROAD STUDENT
If you’re already studying a university degree in your home country, you may be able to complete one or two semesters of your degree at Curtin.

Choose what’s right for you:

STUDENT EXCHANGE
If your university is a Curtin exchange partner, you will continue paying tuition fees to your home institution whilst studying for 1 or 2 semesters at Curtin.

STUDY ABROAD
Study Abroad is similar to Student Exchange, however you pay your tuition fees to Curtin rather than your home institution.

SERVICE ABROAD
Service Abroad is similar to Study Abroad as you pay your tuition fees to Curtin. However, as well as taking your regular classes, it also combines internships and service learning components.

For more information about all three of these programs, visit international.curtin.edu.au/exchange-programs

The iconic Cottesloe Beach, Western Australia.

Kings Park is one of the world’s largest urban city parks.
SAFE, PROSPEROUS, MULTICULTURAL.

Get a great education from Curtin University and enjoy the lifestyle of one of the world’s most pleasant cities. As the capital of Western Australia, Perth is an ideal destination for students and tourists alike. You’ll benefit from a strong healthcare system, a well-developed education system and rapidly expanding infrastructure programs.

It’s no wonder Perth was once again ranked as one of the world’s top 10 most liveable cities by The Economist Intelligence Unit in 2015.

BEAUTIFUL WEATHER, COSMOPOLITAN LIFESTYLE
Perth is a vibrant and multicultural city, with exciting opportunities for learning, shopping and exploring the vast nature reserves of Western Australia. The city gets more sunshine than any other Australian capital, giving you more opportunities to mix study with your favourite activities.

Featuring all the advantages of a modern and developed city, Perth is set against the stunning backdrop of the Indian Ocean and combines natural beauty with period architecture. Browse for fashion on Murray Street Mall, learn to surf on the iconic Scarborough Beach or enjoy a cappuccino on the historic Fremantle strip. There’s more to do and see in Perth than ever before.

SEE MORE FOR LESS
With so many attractions, you’ll appreciate having a reliable public transport system on hand. A network of ferries, trains and buses means the city’s most popular destinations are no more than a few connections away. With discounted student transport fares you’ll have the chance to see more for less.

LEARN TO SURF OR JUST GO FOR A QUICK DIP
Warm waters, white sand and stunning sunsets – Perth’s beaches are seen by many as the best in the country. Why not find out for yourself? With opportunities to go surfing, snorkeling, sailing and jet skiing, or just relaxing, the beach is the favourite summer destination for residents and visitors alike.

STAY IN TOUCH WITH THE PEOPLE YOU LOVE
Since Perth is located in the same time zone as cities like Hong Kong, Singapore, Beijing and Kuala Lumpur, it’s convenient to contact your loved ones while you study.

Alternatively, why not catch the next flight home? Perth’s international airport is well served by flights connecting the region with the world. Frequent flights and a broad choice of airlines mean it couldn’t be easier for you to visit home.

ENJOY SOME OF THE WORLD’S BEST FOOD AND ENTERTAINMENT
Perth offers a huge range of dining and entertainment options that reflect the cultural diversity of the city. In Northbridge, the city’s cultural precinct, the restaurant and small bar scene is growing rapidly. Beyond Perth, there are world-renowned wineries in the Swan Valley and Margaret River wine regions.
As the only university trading room of its kind in Western Australia, the CBS Trading Room offers Curtin’s economics and finance students a unique opportunity to experience first-hand how to trade on the stock exchange.

CURTIN BUSINESS SCHOOL (CBS) TRADING ROOM

RESOURCES AND CHEMISTRY PRECINCT

In partnership with BHP Billiton and the Australian Federal Government, Curtin has developed a strong, forward-thinking foundation for industry-relevant research that’s producing graduates for the resource and chemistry sectors.

ENGINEERING PAVILION

A major investment in the future of engineering at Curtin, the Engineering Pavilion is an innovative learning and exhibition space, combining best practice in sustainable design with the latest in technology.

CURTIN STADIUM

It’s easier to maintain a healthy and active life with Curtin Stadium – an award-winning sport and fitness complex featuring a modern co-ed gymnasium covering 900 square metres, as well as a women-only gym, group fitness area and spin room.

CURTIN HEALTH INNOVATION RESEARCH INSTITUTE (CHIRI) BIOSCIENCES PRECINCT

CHIRI is a A$35 million innovative facility driving the search for better methods of preventing, diagnosing and treating a range of chronic diseases that affect millions of people worldwide.

DIGITAL CREATIVITY LABS

Students studying within the Faculty of Humanities get to enjoy new computer labs with a high-speed capacity server for fast software access, as well as high-powered mac computers, glass whiteboards and room layouts that encourage creative collaboration.

OUR MAIN CAMPUS

The suburb of Bentley, located about six kilometres south-east of central Perth, is home to our main campus.

UNIVERSITY LIFE, SERVICES AND SUPPORT

With so much to see, do and experience, university life can be an exciting and fulfilling experience. We offer a range of services and support programs to make your time at university enjoyable, inclusive and productive.

CAREER

Alumni
Join a thriving Curtin alumni network and build valuable connections to help you succeed in today’s competitive global market.

alumni.curtin.edu.au

Curtin Careers Centre
The centre’s staff will equip you with new skills and knowledge to improve how you communicate your skills to future employers.

careers.curtin.edu.au

COMMUNITY

Chaplaincy and prayer facilities
The diversity of religious beliefs and convictions represented among students and staff at Curtin is supported through the Multi-faith Services, a qualified team of visiting chaplains who are recognised leaders in their faith community.

multifaith.curtin.edu.au

Curtin University Postgraduate Students’ Association (CUPSA)
CUPSA arranges regular meetings and discussions, aimed to further inter-professional dialogue and networking opportunities.

guild.curtin.edu.au

International Students’ Committee
The main representative body for international students at Curtin.

guild.curtin.edu.au

Student Guild
A dedicated body of democratically elected student representatives who protect the rights of all Curtin students, and provides a range of student benefits and social events.

guild.curtin.edu.au

LEARNING

Computer facilities
Access to computer laboratories is available during and after University hours.

Curtin International
Our friendly staff are here to help you with applications to Curtin and can answer your questions about Curtin’s courses and fees.

international.curtin.edu.au

Library
With a comprehensive book and e-text selection, you can make use of the latest publications and technologies to facilitate your learning.

library.curtin.edu.au

Orientation
A weeklong introductory program to help you settle into life at university.

orientation.curtin.edu.au

Student Central
Handles a variety of enquiries on matters related to studying at Curtin.

students.curtin.edu.au

The Learning Centre
Provides a wide range of academic support programs to help students develop their study and English skills.

learningcentre.curtin.edu.au

LIFESTYLE

Curtin Stadium
Curtin’s award-winning recreation centre offers a gymnasium, women’s studio and group fitness facilities.

recreation.curtin.edu.au

Food outlets
Choices include a variety of cafés and canteens, and a tavern that regularly stages live DJs and music.

Curtin has recently introduced a number of food trucks catering to a variety of tastes, including Portuguese, Indonesian, Malaysian, Thai and Italian. Halal food is available on the Perth Campus.

Curtin Access Bus Service
A free bus service with two circular routes operates every 30 minutes through the suburbs of Bentley and Waterford.

properties.curtin.edu.au/

WELLBEING

Curtin Counselling Service
Curtin provides a free and confidential support service to help students and staff get the most from their time at the University.

counselling.curtin.edu.au

Disability Services
A free and confidential service available for prospective and enrolled students, including students at our regional campuses.

disability.curtin.edu.au

Grievance procedures
Curtin has official procedures in place to assist you in resolving concerns about academic and other matters. Complaints can relate to academic disputes, the behaviour of staff and other students, or anything else you feel has breached Curtin’s Code of Conduct.

complaints.curtin.edu.au

Security
Provides free shuttle buses at night during semester and 24-hour security patrols to help make you feel safe at our campus.

security.curtin.edu.au

Smoke-free campus
All of Curtin’s Western Australian campuses are completely smoke-free.

smokefree.curtin.edu.au

Student advisers
Assist new students to make the best possible start at Curtin.

connect.curtin.edu.au

Student Wellbeing Hotline
A confidential hotline to assist with any issue, incident or activity that may threaten your health, safety or happiness.

studentwellbeing.curtin.edu.au

Inside the library, you can experience the iZone, a bold, innovative space where you can collaborate with other students in a technology-rich environment that includes computers with large, adjustable monitors; touchscreens; bluetooth and webcam capability; mobile whiteboards; smartboards; and graphics workstations with drawing tablets.
We offer more than 1,000 places to stay on campus, and a database of private options to cater to different preferences. You’ll enjoy 24-hour security patrols, comfortable and tidy single and shared accommodation, an opportunity to meet and interact with people from all over the world and the convenience of having supermarkets, shops, restaurants, cafes and a post office only a walking distance away.

**24 HOUR SECURITY PATROLS**

**OFF-CAMPUS ACCOMMODATION**
A range of accommodation options are available in the suburbs surrounding the main campus. You’ll benefit from close proximity to the city and shopping, with rental prices varying depending on the type and location of accommodation you choose. Curtin’s Housing Services Office keeps a register of people in established households who are looking to share with others. Off-campus accommodation allows greater independence and privacy, making it ideal for mature-aged students and those with families.

**ON-CAMPUS ACCOMMODATION**
Curtin’s accommodation is a popular way to stay close to the campus. Due to high demand, we recommend you apply for student housing as soon as you apply to study at Curtin.

**OTHER CURTIN CAMPUSES**
For information about accommodation at other Curtin campuses, please contact the relevant campus directly.

Additional information about student housing, including photographs and an online application form, can be found by visiting housing.curtin.edu.au.

### Fees

2016 fees (A$) - 2017 fees yet to be announced at time of printing.

- Standard room: $175 - $180
- Study room: $195 - $220
- Studio apartment: $320 - $350
- Single room: $175 - $240
- Double (couple): $225 - $240
- Bedsitter (studio): $240 - $355
- Two-bedroom apartment: $355 - $400
Planning your budget and finances is an important element of making the most of your time in the city.

**WORK**
Your student visa gives you permission to work in Australia once you have started your course. Students are permitted to work a maximum of 40 hours per fortnight during semester, and unlimited hours during semester breaks. You shouldn’t rely on your earnings to pay your tuition fees or other living expenses.

**VISAS**
To meet your course requirements, you must be enrolled as a full-time internal student and maintain satisfactory course progress for each study period. Not all units are available every semester, so you may have to apply for another visa to complete your course if you fail a unit.

If the units you need to graduate are not offered, you may have to return home and re-apply for admission. This may incur additional costs for your visa application, tuition fees and living expenses.

**SCHOOL-AGE DEPENDANTS**
In Western Australia, dependants of international students may be enrolled in either government (public) or non-government (private) schools registered by the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS), provided the school has the capacity to accept them. A visa for the dependant/s must be obtained through the Department of Immigration and Border Protection (DIBP) or a representative. If a Confirmation of Placement (CoP) letter is required by DIBP (as evidence of dependant/s school enrolment in Western Australia), visit [international.curtin.edu.au/pre-departure/family](http://international.curtin.edu.au/pre-departure/family) to access the Curtin Dependant Schooling Information Sheet.

Both public and private schools require the payment of full international tuition fees where applicable. Government (public) school fees vary for dependants of undergraduate students, postgraduate students and some scholarship students. It is important to understand these costs BEFORE your dependant/s arrive in Australia. These fees will also be listed on your Confirmation of Placement (CoP) letter once issued by Education & Training International (ETI).

For more information and for contacts regarding visa processing, obtaining a CoP letter, school fees, enrolments and a list of schools, visit [international.curtin.edu.au/pre-departure/family](http://international.curtin.edu.au/pre-departure/family) and download the Dependant Schooling Information Sheet.

You can also contact the International Sponsored Students Unit at issu@curtin.edu.au

Note: Dependants of postgraduate international students (master by coursework or research and PhD only) on sub-class visas 573 and 574 and Australia Awards Scholarship students on visa 576 can be enrolled in selected public schools in Western Australia at local student rates, provided that the school has been registered and has the capacity to accept them.

Note: If dependants enrolled in a public school require English tuition support in a mainstream classroom or placement at an Intensive English Centre, fees may range from A$1,500 to A$3,000 per year, depending on the child’s requirements. This will be an additional charge to the relevant school fees and will be determined by the enrolling school. These associated costs are paid by the student, not by Curtin or the Western Australian Department of Education. It is recommended that dependants commence English language training before arriving in Perth. Programs for dependants with special needs (such as disabilities) are costed on the basis of the child’s requirements in accordance with the Department of Education’s inclusive education standards. These costs can range between a few thousand dollars to over $30,000.

**HEALTH**
You must purchase Overseas Student Health Cover (OSHC) from a registered health provider approved by the Australian Government Department of Health and Ageing.

All international students need to purchase OSHC before their student visa will be granted. Your OSHC must cover the full length of your student visa.

**Planning your budget**
Living expenses in Australia can vary, depending on your personal tastes. You should have access to at least A$3,300 when you arrive to settle in. This money will cover costs, such as your bond money (property insurance) and any advance rent payable. Costs associated with electricity, gas and telephone services are usually paid later.

Your day-to-day living costs will vary based on your tastes, interests and financial position. You should plan a budget to suit your needs, but make sure it is flexible enough to allow for changes.

Through innovative, industry-connected courses and research, Curtin Business School develops internationally-focused graduates committed to excellence.

Get the competitive edge with an undergraduate or postgraduate degree from Curtin Business School (CBS) and launch or further your international career. Offering a comprehensive range of industry-linked business courses, CBS provides its students with leading facilities, experienced lecturers and innovative research projects that are highly relevant to industry needs.

CBS works in partnership with industry to create unique business learning environments on campus. The school’s modern facilities include The Agency - a social media command centre for students serious about digital marketing, and the CBS Trading Room - the only stock market trading room at any Western Australian university.

INDUSTRY CONNECTEDNESS
CBS is aware of the importance of effectively serving your needs as a student, and the workforce you will eventually join. The only way to cater to both markets is for these two worlds to meet. The CBS Advisory Boards - networks of industry experts from organisations such as Chevron, KPMG and the Chamber of Commerce and Industry (Western Australia) - actively engage and collaborate with Curtin’s academics to regularly review our courses. At the same time you are learning from experienced teaching staff, you will be exposed to some of the industry’s top employers through a number of networking opportunities. Field trips, internship opportunities, real-life learning scenarios, guest lectures from proven professionals and practical assignments will help you engage with international business players and partners.

WATCH YOUR CAREER EvOLVE WITH A POSTGRAD DEGREE IN BUSINESS

At CBS, you can choose from one of the most comprehensive selections of postgraduate business degrees in Australia, such as accounting, economics, finance, human resources, information systems, marketing, taxation, our internationally accredited Master of Business Administration (MBA), and the MBA (Global). You can start the MBA (Global) straight after your undergraduate degree, even if you have limited work experience. This two-year course focuses on core business knowledge and inter-cultural communication, ensuring your skills can be applied within an international business context.

WORLDWIDE EMPLOYMENT OPPORTUNITIES
Curtin’s undergraduate and postgraduate business courses aim to expand your horizons, explore diverse environments and make you adaptable to varying business situations. The thriving business alumni consists of 72,000 graduates from more than 70 different countries, maximising your networking opportunities. CBS lecturers come from diverse teaching backgrounds, and many bring an international perspective to the classroom.

Curtin’s graduates have gained employment in diverse professional roles and business areas across the globe. From negotiating industrial relations to analysing the stock market, devising marketing strategies to designing business information systems, your degree can lead to varied and rewarding international career paths.

business.curtin.edu.au

A GLOBAL NETWORK
Curtin Business School’s thriving alumni network is made up of 72,000 graduates from more than 70 different countries, maximising your networking opportunities.

For a new generation of health professionals.

Offering contemporary facilities, practical learning opportunities and leading research, Curtin’s health sciences interprofessional courses and research degrees have been developed to ensure you graduate with the skills and knowledge employers are looking for.

Curtin was the first Australian university to introduce an interprofessional education curriculum across all its health degrees. Through this unique curriculum, you’ll gain an understanding of your chosen health career as an integrated, not isolated, area of knowledge. You’ll work as a healthcare team at university and on integrated clinical placements, to deliver safer and higher quality client-centred care.

The faculty is also internationally recognised for its leadership in health research, policy and practice. Students and staff are involved in various projects, including the development of practical solutions to global health challenges, working with partners and communities to advance health and wellbeing around the world, and training towards leadership roles in the healthcare sector.

The recently established Health Sciences Research Precinct unites Curtin’s health researchers with industry partners, government and the wider community.

MODERN FACILITIES FOR CAREER-READY GRADUATES
From university to the workplace, Curtin is committed to providing you with a modern learning environment to practise client-care scenarios in realistic settings. Our multiple on-campus, practice-based laboratories will enable you to interact with clients in authentic spaces that replicate hospital and community settings.

More than A$47 million has been invested in outstanding facilities including the occupational therapy and social work learning and research laboratories, the research precinct and a dedicated research hub for research students. It’s these benefits that will ensure you’re well placed to launch or further your career upon graduating.

AWARD-WINNING STAFF
Our staff are actively involved in clinical practice, while leading professionals from the healthcare sector contribute to the delivery of courses. A number of Curtin health sciences academics have been awarded a National Teaching Fellowship by the Australian Government’s Office for Learning and Teaching. These awards recognise top Australian university academics who’ve made a significant contribution to enhancing the quality of student learning.

INTERNATIONAL PROGRAMS AND ACCREDITATION
Many of our health sciences courses are accredited, allowing you to make a real difference to healthcare in other countries around the globe, but you don’t need to wait until you graduate.

The award-winning Go Global program gives you the chance to be immersed in a different culture while completing a fieldwork placement in Cambodia, China, India, Malaysia or the Philippines.

SERVING THE COMMUNITY
The Faculty of Health Sciences educates more health professionals than any other Western Australian institution.
In 2015, Curtin was ranked in the top 100 universities in the world for education, architecture, built environment, and art and design.

2015 QS World University Rankings by Subject
If you don’t meet our minimum entry requirements, you may complete a program at Curtin English, Curtin College or both. These pathways enable you to study at a number of different levels and progress to an undergraduate or postgraduate qualification at Curtin.

**CURTIN ENGLISH**
Curtin English is part of Curtin University. These courses will develop your language skills and can help you demonstrate English competence for entry into mainstream Curtin courses via the English Language Bridging course. A language pathway will be tailored for you based on the language requirements of the mainstream course and current language levels.

Curtin English is accredited by the Tertiary Education Quality Standards (TEQSA) and quality assured by the National English Language Teaching Accreditation Scheme (NEAS).

As a Curtin English student, you’ll have access to the University’s facilities while studying in a friendly and supportive environment.

**CURTIN ENGLISH PATHWAY**

Curtin English Pathway (CEP) is a flexible and personalised program that will build your confidence in using English for study, work or travel.

Each teaching week comprises 22 hours of class time per week, with a minimum of six hours of self-directed study expected. Your tasks will include reading, writing, listening and speaking in English.

The program consists of six different levels, ranging from basic to intermediate. You can begin studying the program in any week the course is offered, and your starting level is determined by a test. Throughout the program, you will maintain a portfolio to chart your progress. When your portfolio shows you’re ready to move to the next level, you will be invited to complete a Gateway Assessment. These assessments are offered every two weeks, so you can move through the program at your own pace.

Depending on the English language entry requirement, successful completion of Intermediate 3 or Intermediate 4 of the CEP will allow entry to the next stage of your pathway, the English Language Bridging Program (see below) or a Curtin College degree transfer program (see page 26).

**ENGLISH LANGUAGE BRIDGING**

CEP is a combined program that prepares you for undergraduate and postgraduate study at Curtin University. If you meet the exit requirements (as stated in your Letter of Offer), you are guaranteed entry into a Curtin degree program on successful completion of the course.

ELB progresses you beyond general and academic English and emphasises the language and study skills needed for university studies.

You should choose this course if you:
- want to develop your use of academic English to enable you to work more effectively during your undergraduate or postgraduate degree studies
- have a conditional offer from Curtin University that requires you to attend the English Language Bridging course to obtain a satisfactory English language result.

ELB has two entry points. If you are 1.0 IELTS band (or equivalent) below the university requirement for your chosen course, you will enrol for 17 weeks, whereas if you are 0.5 IELTS band (or equivalent) below the university entry requirement for your chosen course, you will enrol for only 10 weeks.

If you are more than one IELTS band (or equivalent) below the university requirement for your chosen course, you will pass through CEP before progressing to the 17 week ELB. Curtin English will indicate the appropriate course duration on your Letter of Offer.

Teaching is intensive, with 22 teaching hours per week and a minimum of 12 hours per week of self-study. You will be assessed through graded ongoing research projects and presentations and end of course tests.

**NOTES**

Each module of work is discrete and takes a week to complete, allowing students to enter and exit at any stage of the lesson cycle.

Each level has at least five modules of work above the recommended course duration so students taking longer to exit the level do not repeat material.

Gateway Assessments are based on the Cambridge Suite of Tests and can be sat every two weeks if classroom indicates students are ready.

Both B2.1 and B2.2 exit to Curtin College and ELB (English Language Bridging).

---

ELB has two entry points. If you are 1.0 IELTS band (or equivalent) below the university requirement for your chosen course, you will enrol for 17 weeks, whereas if you are 0.5 IELTS band (or equivalent) below the university entry requirement for your chosen course, you will enrol for only 10 weeks.

If you are more than one IELTS band (or equivalent) below the university requirement for your chosen course, you will pass through CEP before progressing to the 17 week ELB. Curtin English will indicate the appropriate course duration on your Letter of Offer.

Teaching is intensive, with 22 teaching hours per week and a minimum of 12 hours per week of self-study. You will be assessed through graded ongoing research projects and presentations and end of course tests.

Curtin College is dedicated to ensuring more students are given a chance to realise their potential. Even if you don’t meet the University’s academic entry requirements today, Curtin College offers an alternative option to transition straight into the second year of a Curtin bachelor program.

A Curtin College course will prepare you for Curtin campus life. Located on Curtin’s flagship Perth Campus, Curtin College offers university degree transfer programs across a range of disciplines. These include commerce, information technology, built environment, arts and creative industries, engineering, health sciences and social sciences.

Eligible students transition directly into a Curtin degree. Offering pre-university studies and one-year diploma programs, eligible Curtin College graduates will be offered entry into the second year of the corresponding bachelor degree at Curtin University.

With intakes in February, June and October, the trimester system at Curtin College means you may transition into the University faster. Some courses, however, follow the Curtin University semester calendar.

Support programs at no extra cost
You’ll be able to access a number of support classes to enhance your performance at the College and better prepare you for future study at the University. curtincollege.edu.au

A scholarship at Curtin can help make your study and travel dreams a reality. There are a number of international student scholarships provided by Curtin and the Australian Government, which enable students from all backgrounds to realise their potential.

AUSTrALIAN GOVERNMENT SCHOLARSHIPS
Scholarships provided by the Australian Government provide opportunities for international students to study undergraduate or postgraduate full time study at Australian institutions. These scholarships also contribute to the productivity of Australia and the development of people-to-people links between Australia, our regional neighbours and the broader international community.

Australia Awards Scholarship
Australia Awards Scholarships provide higher education opportunities for people from select developing countries to study in Australia to build the skills and knowledge to promote development in their home country.
international.curtin.edu.au/scholarships/australia-award-scholarships

Australian Centre for International Agricultural Research Fellowships
Are you a agricultural researcher, scientist or leader in a developing country?
The Australian Centre for International Agricultural Research (ACIAR) offers the full term postgraduate John Allwright Fellowship and the John Dillon Memorial Fellowship for short term career development opportunities in Australia.
international.curtin.edu.au/scholarships/aciar-scholarship

Endeavour Scholarships and Fellowships
Are you a leader or professional from a developing country? The Australia Awards Fellowships gives Australian organisations the opportunity to bring international fellows to undertake short-term study and professional development to support enduring ties between Australia and our neighbours.
international.curtin.edu.au/scholarships/endeavour-scholarships-and-fellowships

Curtin Scholarships
We strive to help high achieving students around the world pursue their ambition and gain a tertiary education. For a full list of scholarships offered by Curtin, and other scholarship opportunities for international students, visit the Curtin Scholarships website.
scholarships.curtin.edu.au
Graduate career-ready with a Curtin bachelor degree or see where your career could take you with a postgraduate qualification.

UNDERGRADUATE COURSE TYPES

Bachelor degree
A bachelor degree is the first degree earned at university. At Curtin, it is awarded for completing an undergraduate course of study (three to four years).

Honours
As a natural extension to a bachelor degree, a year of honours study consists of coursework at an advanced level and research or project work (bachelor degree plus one year).

Double degree
Double degrees combine units from two compatible courses. You can complete the two degrees in less time than it would take to complete them separately (at least four years).

POSTGRADUATE COURSE TYPES

Graduate certificate
A short vocationally-oriented program, graduate certificate courses are designed to develop skills in a specialised area of study (one semester).

Graduate diploma
The graduate diploma is a specialised, vocationally-oriented award usually completed in two semesters. Entry is usually based on completion of a bachelor degree or diploma (one year).

Graduate entry master
Graduate entry master courses provide a fast-track learning experience for students who already hold a bachelor degree (three semesters to two years).

Master degree
A school may accept you into a master degree provided you hold appropriate qualifications as decided by the head of school (three semesters to two years).

RESEARCH DEGREES

Research degrees differ to other postgraduate degrees in that at least two-thirds of the study program involve research. Although some coursework units may be required, the main part of your work will be in the form of a thesis written under the guidance of a supervisor and associate supervisor(s).

Master of Philosophy
The Master of Philosophy aims to expand knowledge beyond the undergraduate honours or postgraduate diploma level, culminating in a research thesis. Upon completion of a master by research degree, you may apply to be considered for entry into a Doctor of Philosophy (PhD) program.

Doctor of Philosophy
As a doctoral research degree candidate, you will uncover new knowledge either by the discovery of new facts, the formulation of theories or the innovative reinterpretation of known data and established ideas. Your research will use an in-depth understanding of theories and concepts to develop practical solutions for real-world problems.

Offshore online courses
You could study online at Curtin while living in your home country. We offer a number of convenient, fully online courses to international offshore students. For more information, visit international.curtin.edu.au.

BUSINESS, MANAGEMENT AND LAW

Our business, management and law courses are practical and applied, and benefit from direct input from industry leaders.

AGRICULTURE, ENVIRONMENT AND SUSTAINABILITY

These courses examine how we interact with, manage and protect the living world.

ENGINEERING AND MINING

These courses offer hands-on experience and industry training. In some courses, you can study at Curtin WA School of Mines in Kalgoorlie.

IT AND COMPUTING

Learn how to program computers, administer networks, design software, develop games, or use artificial intelligence.

PHYSICAL SCIENCES AND MATHEMATICS

Choose from physics, chemistry, mathematics, geophysics and actuarial science. Develop the skills you’ll need to grow your career or establish yourself in the field.

HEALTH

You could train in health information management, nursing, physiotherapy, pharmacy, psychology, health promotion, or laboratory medicine.

ARTS AND CREATIVE INDUSTRIES

Courses include graphic design, fashion, photography, creative writing, screen arts and mass communication.

ARCHITECTURE AND CONSTRUCTION

Help evolve our living and working spaces, from planning cities to hotel interiors, and major construction projects.

EDUCATION

We offer courses in early childhood education, primary education and secondary education.

CULTURE, LANGUAGE AND INDIGENOUS

Choose from anthropology and sociology, international relations, history, journalism and internet communications.

UNDERGRADUATE ENTRY REQUIREMENTS

For admission to Curtin, you must satisfy minimum academic entry as well as English competency requirements. Entry is competitive and levels higher than the minimum may be required for admission to some courses. A list of the common academic entry requirements can be found in the following tables.

As all courses are taught in English, you will need to meet Curtin’s English language requirements. Any one of the tests in the table on the right shall be accepted as satisfying Curtin’s language requirement; however, some courses may require a higher level of English.

Remember, even if you don’t meet Curtin’s academic entry requirements, you may be eligible to gain entry into a Curtin degree through accredited university pathways - Curtin English and Curtin College. To learn more, visit international.curtin.edu.au/apply/alternative-entry-pathways

POSTGRADUATE ENTRY REQUIREMENTS

For admission into Curtin, you must provide evidence you have completed a degree from a recognised university and provide evidence of English language proficiency. In addition, you may need to meet specific course prerequisites. Visit international.curtin.edu.au to search for specific prerequisites.

Application deadlines can be found on the inside cover of this booklet. As all courses at Curtin are taught in English, you will need to meet Curtin’s English language requirements. You may be deemed to meet Curtin’s English language requirements if you have completed a bachelor degree course that was taught in English. Your competency in English will be assessed on a case-by-case basis. Any of the tests on the right can also be accepted as satisfying Curtin’s English language requirements.

Speaking: 20  
Writing: 20 |

Note: Applicants who complete a bachelor degree course in which English was the language of instruction will be considered on a case-by-case basis.

The information published in this document is correct as at March 2016 but may be subject to change. Please check individual course entry requirements and prerequisites at courses.curtin.edu.au.
We offer the Master of Philosophy and Doctor of Philosophy (PhD) in most study areas. Professional doctorates are also available in some areas.

Research students carry out independent research supervised by a member of academic staff with the aim of uncovering new knowledge relevant to the discipline or profession. Although you may need to complete some coursework units, at least two thirds of your degree will be pure research. The major assessment will be in the form of a thesis written under the guidance of a supervisor.

Our Graduate Research School can offer advice on lodging an application for admission, applying for a scholarship, opportunities for professional training and development, and making the most of your time as a research student.

INTAKES AND DURATION
Intake dates are during January and July, but other entry times can be negotiated. Master degrees are two years duration and doctoral degrees are four years.

FEES
Visit courses.curtin.edu.au and find the degree you intend to study for the most up-to-date fee information.

CONTACT US
Visit research.curtin.edu.au/postgraduate-research for more information on becoming a research student.

For enquiries related to research at our campuses in Perth or Kalgoorlie, email the Graduate Research School Future Students team at GRS.FutureStudents@curtin.edu.au.

For enquiries about Curtin research degrees in Sarawak, Malaysia, please contact enquiries@curtin.edu.my.

RESEARCH DEGREE ENTRY REQUIREMENTS
These are the general entry requirements for admission into a higher degree by research at Curtin.

You must:
1. have a minimum of four years’ previous study in a tertiary institution
2. meet the eligibility criteria of the Graduate Studies Committee for the proposed study enrolling area(s)
3. have confirmation from the head of your enrolling area that the necessary supervision and facilities can be adequately provided to support your research
4. meet Curtin’s English language requirements for higher degrees by research.

You may be deemed to meet the English language requirements based on completion of a tertiary qualification in which English was the language of instruction. This will be assessed on a case-by-case basis. The table on the right outlines the minimum English language requirements for a postgraduate research degree. However, many courses require a higher level of English competence.

For more information on postgraduate research, visit research.curtin.edu.au/postgraduate-research.

* Many courses require a higher level of demonstrated English language competence. For more, see research.curtin.edu.au/postgraduate-research.

MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENT*
FEE INFORMATION

The tuition fees (shown in Australian dollars) are based on a normal full-time workload of 100 credits per semester (200 credits per year) unless otherwise stated. If you study more than 100 credits per semester, you will have a higher annual tuition fee. The tuition fee is calculated and charged on a semester basis.

Individual unit (subject) fees are listed at fees.curtin.edu.au/course_fees.cfm

Note: All listed fees are subject to annual increases.

OFFER LETTER (100 CREDIT) PUBLISHED FEE

As an international student, you need to pay the fees for your first study period (one semester or 100 credits) before arriving in Australia in order to receive a confirmation of enrolment. The fee quoted on the international offer letter is only an approximation and may differ slightly in accordance with the units you choose to study upon your enrolment.

INDICATIVE ESSENTIAL INCIDENTAL FEES

Some courses require compulsory additional payment for retainable materials and course-related fees, known as essential incidental fees. Some individual units may have optional fees for course materials and other course-related items.

NOTES ON INCIDENTAL FEES

The indicative essential incidental fees listed in this guide are correct for 2016 and may be subject to change.

Arts and design courses: INCIDENTAL fees will depend on your chosen major/s and units.

Education courses: INCIDENTAL fees do not cover a First Aid Certificate, Criminal Record Screening Clearance Card, Working With Children Check and other relevant certificates.

Sarawak: INCIDENTAL fees depend on your chosen course and units.

Singapore: Singapore courses also incur an annual medical insurance fee of SG $46.01, and a fee protection scheme insurance fee.

Please contact the relevant Curtin University campus for details.

REFUND AGREEMENT

The categories under which the University Fees Centre will assess an application for refund are laid out in the University’s International Student Refund Agreement. The agreement is supplied to you with your Letter of Offer and can also be accessed online at fees.curtin.edu.au/refunds.cfm, where you can also view the most up-to-date information as the policy is subject to change.

For international students studying undergraduate and postgraduate courses.

The following information is relevant to you if you are applying directly to the University, if you are using the services of a Curtin registered agent, you should lodge your application via the agent and contact them for any queries throughout the admission process.

1. APPLY

Incomplete application may cause delay in processing time.

OPTION 1: APPLY ONLINE

Visit: international.curtin.edu.au/apply

NOTE: Students applying to study doctoral and master degrees by research or doctoral degrees by coursework should refer to research.curtin.edu.au

OPTION 2: POST OR SCAN AND EMAIL

NOTE: In processing time.

Incomplete application may cause delay.

lodge your application via the agent and contact them for any queries throughout.

For more info, visit international.curtin.edu.au/apply/application-documents

English Translation
- Certified copies of your transcript(s) and award certificate(s) in the original language (if issued in a language other than English) must be provided with English language translated copies from the following accepted authorities:
  - an authorised Curtin representative
  - Curtin International staff member
  - a person of authority at the issuing institution (e.g. registrar)
  - Justice of the Peace
  - Commissioner for Oaths/Declarations
  - any notary public.

2. AWAIT YOUR OFFER

Assessment of your application will take two to four weeks. If we require more documents to assess your application, they will be requested from you.

CREDITS FOR RECOGNISED LEARNING (CRL)
- We will not be able to assess CRL for previous studies without certified copies of all academic transcripts/statements of marks and award certificates to date.
- CRL is granted at the discretion of the school/faculty.

3. RECEIVE YOUR OFFER

Your offer package consists of:
- Letter of Offer
- Acceptance of Offer form
- Payment Options form
- Terms of Offer
- International Student Refund Agreement flayer and Streamlined Visa Processing (SVP) form
- Pre-departure Guide (available online)
- Curtin Housing Services flayer
- Overseas Student Health Cover (OSHC) information (available online).

4. ACCEPT YOUR OFFER

STEPS TO ACCEPT YOUR OFFER
- Step 1: Read your Letter of Offer carefully, ensuring your name, course title and semester are correct.
- Step 2: Meet all conditions on your Letter of Offer.
- Step 3: Submit your Acceptance of Offer form, deposit of tuition fees, Overseas Student Health Cover fee, SVP form, and a photocopy of your passport details page.

5. APPLY FOR YOUR VISA

- You will need to apply for your student visa after receiving your electronic Confirmation of Enrolment (eCoE).
- Your eCoE will be sent to you via email.

- The duration of your student visa will vary depending on your course (contact the Australian Embassy to find out more about the visa application process).
### Educational Qualifications
Please provide details of all formal studies you have completed and those you are currently undertaking. You are required to supply an original or certified copy of your academic award/s and transcript/s for all tertiary studies except those undertaken at Curtin/WAIT. Academic records must contain an explanation of grading system descriptions.

### Background and Future Plans
The course I am applying for is directly related to my previous studies or work experience.

The course I am applying for is linked to my career plans and will provide me with greater opportunities in my home country.

Is your visa status in Australia (for myself and any dependents) for the duration of my studies.

I declare:

1. That the University may obtain official records from any institution or organisation I have attended or have claimed a previous association with, for the purposes of verifying my academic or employment history; and
2. That the University may (i) use the GTE and CS requirements, the University's preferred Overseas Student Health Cover provider for the purposes of setting up an insurance policy; and (ii) ensure that I understand that it has access to the Australian Immigration Visa Entitlement Verification Online (VVO) system at any time to confirm information regarding my visa status.

If you have a disability, would you like to receive information on support services, equipment and facilities that may assist you?

If you have a disability, impairment or long-term medical condition which may affect your studies?

### Sponsorship Details
Please provide sponsorship details if available.

Will your tuition fees be paid by an organisation/government?

### Evidence of Work Experience and Professional Registration

Supplementary documentation may be required depending on the course you apply for. Please go to courses.curtin.edu.au/course_overview/admission-requirements/application-requirements.cfm to check the requirements. If required, please ensure certified copies of work experience statements from your employers and professional registration papers are provided.

### Medical/Disability Needs
The information below is used to assist the University in monitoring, supporting and improving services to students with medical/disability requirements.
